To whom it may concern:

It is with pleasure that I provide a recommendation for KenMark Office Systems. I have dealt with KenMark now for almost twenty years. In three school districts I have done several hundred thousand dollars of business with them. I have found them to be competitive, responsive, reliable, customer oriented, and above all else—honest. As I often tell vendors—anyone can sell the product—the big difference is how are you going to treat us after the sale. This is where KenMark rises above the rest. They ARE there after the sale.

Both Ken Pedicini and Bill Bradley are people of integrity. They understand the customer—especially in the public school area. In my view their business is based on their reputation, which is why I continue to be a loyal customer after all these years.

I highly recommend KenMark to any organization. Please feel free to call me if you would like to discuss my experiences with them further.

Sincerely,
