Dear Ken,

I am writing to thank you for your donation of \$300.00 to this year's Bob Murray Housing with Love Walk and the Falmouth Homeless Prevention Program which is one of its beneficiaries. Your gift to this effort is greatly appreciated and when combined with the other donors' gifts will help to keep families in their homes rather than becoming homeless and winding up in motels and shelters. The severe reductions in State funds and lack of Federal funds, combined with an increasing number of homeless families make for a very difficult time for many of our Cape neighbors. Private donations will be a major safety net this year and your donation becomes a part of that solution.

Your support for this effort means more than you know, and will certainly help relieve many elders and families in our community of untold stress as they try to deal with their particular housing crisis.

Again, thank you for your support and donation. I want you to know it means a great deal to me and to the families the Bob Murray Housing with Love Walk and the Falmouth Housing Homeless Prevention Program helps throughout the year.

Sincerely,

Linda J. Clark,
President
